

Focus: diagnostic test

Agenda:

Diagnostic test

Google classroom

Appointment with Love

*if time permits

Homework: Sign up for google classroom and remind!
and complete writing from Appt. with Love

Focus: diagnostic test

Block 2: oydcc7

Block 3: fap0df8

Google Classroom will be our main platform for assignments and announcements this school year. All students will sign up for Google Classroom via their school id number. Google Classroom is a free program, but if there are any issues with accessing it, please let me know.

To set yourself up, go to Google and log in using the following information:
studentID#@locker.lcps.org

password: lcps2016

You will be asked to make a new password at this point.

Once logged in, go to www.classroom.google.com. From there, scroll to bottom and choose student. Click the + sign and enter the code I gave you for your block.

Please check for your first assignment once you have set yourself up.

Focus: diagnostic test
