Annotating *The Most Dangerous Game*:

The short story will be online on my website; please read the story and annotate making note of the following:

- Character development/reveals (Rainsford and Zaroff).
What do you know about these characters by the end of the story? How do you know it?
- Mood and setting - How did the author create and develop the mood and setting and how does it contribute to the story?

Take notes, identifying specific areas in the text to support your thoughts
