## Poem

### Traveling Through the Dark by William Stafford

What do you think is the message of the poem?  
What remark does the poet want us to take from this poem?

What images does the poet use? Do you see a pattern in them, or can you categorize them?

## Writing Workshop - The Most Dangerous Game

Get in your groups, papers in hand

Collectively, you all have had trouble integrating/inserting quotes into your "paragraphs" - in particular, the "setting up" or introduction of the quotes have been missing or insufficient.

Focus: rewrite your paragraphs to fix those errors, but also pay attention to assertions and explanations - you will receive individual feedback from me!
