Homework explanation

"So I said, 'What are the attributes of an ideal quarry?' And the answer was, of course, 'It must have courage, cunning, and, above all, it must be able to reason.'" General Zaroff, The Most Dangerous Game.

How does Rainsford show he makes the ideal quarry, according to the above quote?

Find 4 examples that help support your choice. Write a solid paragraph with assertions and textual support following the APE structure discussed in class. This is only a rough draft!

What does an assertion look like?

Rainsford was quick-witted.

"...he set a Burmese tiger trap."

Zaroff says the quote

What would the explanation look like?

Rainsford made a difficult trap with limited tools under extreme pressure.

Rainsford was quick-witted. As he attempted to evade G. Zaroff, he made a special trap..."he set a Burmese tiger trap" and Zaroff almost fell into it. This demonstrates Rainsford's ability to work under extreme pressure with limited tools.

Rainsford is very knowledgeable. When he sets a trap for Zaroff in an attempt to escape being captured and killed, Zaroff is impressed. Zaroff comments that "not many people know how to make a Malay man-catcher." This demonstrates Rainsford's skills since not many people would know how to build such traps.
